

LUMINEERS® is the most significant advancement in 9,000 years of dentistry.

Now you can get the smile you've always wanted—that nature may not have blessed you with. Today, thousands of people who want to look and feel better about themselves are choosing to correct their smiles with LUMINEERS BY CERINATE.

Patented CERINATE LUMINEERS is the only porcelain proven in an on-going study to last over 20 years.**

Why LUMINEERS? Why now? Because LUMINEERS BY CERINATE has developed the contact lens-thin porcelain technology that provides beauty and strength, while preserving your natural tooth structure.

ASK FOR LUMINEERS BY NAME.
Only LUMINEERS are made of patented Cerinate porcelain and comes with a Certificate of Authenticity.

And, that means you can correct a wide variety of unsightly dental distortions or conditions, such as:

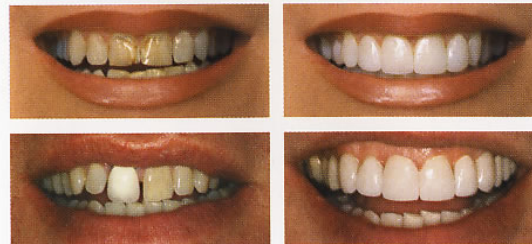

- Tooth discoloration
- Noticeable gaps
- Permanent stains
- Broken or misshapen teeth
- LUMINEERS can even bond to existing crowns and bridgework without having to replace them

It means anyone can have a beautiful smile, and that can be a life-changing procedure. Best of all, LUMINEERS BY CERINATE are applied with a revolutionary procedure. Just think...

- No drilling, shots or pain*
- No removal of sensitive tooth structure
- Safe for sensitive patients

Want to know more? Ask us what LUMINEERS BY CERINATE can do for you—maybe a life-changing smile is in your future.

NO TOOTH REDUCTION

Even revitalize old crowns and bridgework without

Q&A

Q: What is LUMINEERS BY CERINATE?

A: LUMINEERS BY CERINATE is thin porcelain shields that are bonded to the front of your teeth to create dramatic changes in your smile.

Q: Is there any pain involved?

A: No! Because LUMINEERS BY CERINATE require little to no preparation; there is no need for shots or drilling with no removal of painful tooth structure.*

Q: How long will it take to change my smile?

A: While some people may need other dental treatments, LUMINEERS BY CERINATE typically requires two dental visits.

Q: How do I know if LUMINEERS BY CERINATE is right for me?

A: Schedule a consultation with your dentist, who can show you how your smile can be improved with LUMINEERS BY CERINATE.

Q: How long does LUMINEERS BY CERINATE last?

A: Long-term clinical research with LUMINEERS BY CERINATE (over 20 years) shows 100% retention with no discoloration.**

Q: What if I have questions?

A: If you have further questions, ask your dentist today or visit www.lumineers.com.

*In most cases. **Results available upon request.

PAINLESS, PERMANENT

Now perfect smiles
painlessly, permanently.

So what if nature didn't give you a perfect smile?

Now you can get the look you've always wanted

with LUMINEERS® BY
CERINATE®. What makes a
natural-looking smile more
possible than ever before is
the innovative technology

behind Cerinate Porcelain. LUMINEERS can be made
as thin as a contact lens and are translucent enough
to look like your real teeth. And, even better, there's
no painful fitting because your dentist doesn't need
to use a drill or anesthetic
to prepare your teeth.* In
other words, getting a new
smile now is...well, something to smile about.

- Permanently whiten
- Fix uneven spacing
- Lengthen short teeth
- Reshape awkward teeth
